

AIRPORT COMMISSION
TUESDAY June 13, 2017
6:00 P.M.
CITY HALL COUNCIL ROOM

Call to Order

On roll call present: Chair Neville, DPW Flynn, Brian Barth. Absent Ricky Opelt and Dewayne Seelow.

Prior Minutes approved as filed with the clerk

Appearances: None

D/A on Painting the 5000 Gallon above ground fuel tank. The fuel tank was written up as needing to be cleaned, prepared and new coats of paint from the State Dept of Commerce Petroleum products inspector. Duffy got a proposal for painting the tank for a cost of \$3,500.00. This cost will put us over budget, but we don't have any options.

Motion Flynn, Second Barth, to recommend to Common Council to authorize Dave Joles Painting to paint the tank for a cost not to exceed \$3,500.00.

D/A on the City of Neillsville Police request to use the Airport Terminal building and the Runway for City and County Police Officer Emergency Vehicle Operation and Control (EVOC) training on Tuesday June 20th, through Thursday June 22, 2017. The City is partnering with the Clark County Sheriff's Department EVOC instructor and are planning to hold two classes per day (morning and afternoon). Some discussion followed

DPW Flynn stated he had discussed the request with Duffy Gaier who was not in favor of them using the runway, but if the commission did approve the request then, to put a stipulation that they must stay clear of the runway markings on each end and the center line. If this request is approved Airport management will post a notam closing the airport.

Motion Barth, Second Flynn, to recommend to Common Council to approve the Neillsville Police Department request to use the airport for EVOC training on June 20, 21, and 22nd, 2017, with the stipulations they must stay clear of the runway markings and the center line.

Motion Barth, Second Flynn, to Adjourn. All Aye

Jose Neville

Airport Commission Chairman

Dave Flynn

Secretary
